

All about getting from the airport to your resort and back!

Round trip airport-resort transfers are included in most packages we put together, unless you specifically asked to not have them.

The shuttle information and local representative information is listed in detail on your travel documents. If you have any issues finding the information, Please, let us know so we can make sure you're prepared for your arrival and don't miss the shuttle!

We don't want you to pay for a taxi when you've already paid for airport transfers!

Important - you DO need to contact your local representative to receive any voucher needed to return to the airport and to find out what time your shuttle is going to depart the resort. We recommend you contact them 48 hours before you return home.
